BoMill publishes recorded CEO presentation ahead of Annual General Meeting

BoMill AB (“BoMill” or the “Company”) has today released a video with its CEO, Andreas Jeppsson, commenting on the year that passed and ongoing developments in the Company. Due to the covid-19 pandemic, it will not be possible to attend this year’s Annual General Meeting in person or by proxy. As a result, a CEO presentation has been recorded and published to provide shareholders with the CEO’s view on 2020 and recent company developments.

The CEO presentation as well as documents for the Annual General Meeting are available on the Company’s website: www.bomill.com/corporate-governance/shareholders-meetings/agm2021/.

BoMill has developed and is marketing a patented technology for sorting grain on a commercial scale, based on the internal qualities of each kernel. The method is the only one of its kind on the market today and is estimated to have the potential to become a Golden Standard within the industry. The Company operates in several markets and has sold sorting equipment to a number of reputable companies in the grain industry. For more information about BoMill, please visit www.bomill.com.
