

**FOR IMMEDIATE RELEASE:**

**The Swedish company BoMill AB expands into Canada together with Flaman Group of Companies, Grain Cleaning Division**

The grain quality sorting company BoMill AB grows their distributor network by signing an agreement with Flaman Group of Companies, Grain Cleaning Division.

“With Flaman as our Distributor in Canada we will have a strong partner” says Karin Wehlin, CEO BoMill AB. “Flamans long presence in the grain cleaning market and know-how as well as established service organization is important for our future”.

Warren Schmidt, Division Manager: “BoMill have a unique position on the market with their patented technology for grain quality sorting and we are excited to bring this out to our customers. We believe that the TriQ is the solution for all the fusarium problems that we have seen the last year.”

**About**

BoMill AB is a company with profound know-how within quality sorting of wheat, durum wheat and malting barley using single kernel sorting technology. The BoMill head office is in the University town of Lund, Sweden. The company sells quality sorting technology and know-how throughout Europe, North America and Australia, using its own sales organization or distributors. For more information please visit [www.bomill.com](http://www.bomill.com)

Flaman Group of Companies is a family owned and operated Canadian business that has been operating for over half of a century. We have found success by continually expanding and diversifying into new markets and products while remaining privately owned. With agriculture as the originating core of the company, expanded growth has been achieved in the Grain Cleaning & Handling Industry. The company has built its reputation around one core element that founder Frank Flaman still focuses on today; customer service.
